THREE COURTS TAKE UP STRIKE RIOTS TODAY

Investigation of Disorders in Colorado Labor War Begins in Three Separate Tribunals this Morning.

(By Leased Wire to Evening Herald.)
Denver, June 15.—Court investigation of strike disorders opened at three points in Colorado today. The Las Animas county grand jury at Trinidad met to fix the responsibility for the troubles of April, including the Ludlow battle and the Forbes fight. At Raton the trial of six strikers charged with burning the postoffice at Higgins when the tipple of the Southwestern mine was destroyed last fall was to occur in the United States district court term opening today. At the district court term at Walsenburg it was expected that trials of the cases growing out of the La Veta and seventh street killings would be held.

CASES AT PUEBLO MAY NOT BE REACHED THIS TERM
Pueblo, Col., June 15.—When the United States district court adjourned session which convened here at 2 o'clock this afternoon it became known that there is some likelihood that the cases against the striking miners may not be reached at this term of court. Attorney H. N. Hawkins, for the United Mine Workers, will be engaged in defending his clients at the Walsenburg trials of the alleged La Veta murderers, it was said and might be unable to appear here this week. In such an event, the Pueblo cases will probably be continued until the next term of court.

The men who were to be tried are accused of being implicated in the burning of the postoffice at Higgins, when the Southwestern mine was attacked last winter.

JUDGE IS LATE: COURT AT WALSBURG DELAYED

Walsenburg, Colo., June 15.—The late arrival of Judge A. W. McHendrie from Trinidad delayed the opening of the district court here today. Interest in the term centers about the trials of nine strikers held in connection with the La Veta killings and of two mine guards charged with the killing of three strikers on Seventh street. Both tragedies occurred last fall and were outgrowths of the coal miners' strike.

REPLY AT LAST TO JAPAN'S LAST NOTE ON CALIFORNIA

Washington, June 15.—After a lapse of ten months the United States is about to reply to Japan's last note on the California anti-alien land law. Secretary Bryan said today.

"The note of August 28 last will be answered as soon as the matter can be reached." Answer to it was suspended by the discussion of other means of adjusting the differences."

It was believed that in his statement Mr. Bryan referred to an attempt to drop the anti-alien law for an adjustment of the issue, some legislation by congress to confirm the rights of Japanese now in the United States to own and lease land, and a new treaty looking in recognition of the rights of Japanese to naturalization.

The Japanese ambassador here has been actively pressing this subject of the state department recently in order that when the Japanese parliament assembles next month Baron Kato, the premier of the new cabinet, may be able to report progress.

Washington, June 15.—Nominations of Charles S. Handin of Boston, T. B. Jones of Chicago, W. F. G. Harding of Birmingham, Ala., Paul Warburg of New York, and A. C. Miller of San Francisco, to members of the federal reserve board, were sent to the Senate today by President Wilson.

The members of the federal reserve board were nominated to serve the following terms:

Hamlin, two years; Warburg, four years; Jones, six years; Harding eight years and Miller ten years.

Surveyor General of Colorado.

Washington, June 15.—The president today nominated John D. McGaughen of Denver as surveyor general of Colorado.

PERSONALS

Lester Held returned this morning by train from Santa Fe, having made the trip to the capital in an automobile yesterday.

Henry Essinger, a well known traveling salesman, with headquarters in Kansas City, arrived today from Santa Fe, where he has been on business.

Grace, Adelade McArron and William Robert Moulton and Petronilia Lopez and Manuel Sals took out marriage licenses at the office of County Clerk A. E. Walker today.

Theodore Harth has returned to his home in New York City, after a visit at the home of Mr. and Mrs. Mike Mandell.

JUDGE RAYMONDS STARTS ON SUMMER VACATION

District Judge Herbert F. Raymonds today started his summer vacation. He will make a trip to Los Angeles and Oregon where he will visit his brother. He will not return to the bench until about August 1. Judge Raymonds has had a hard term in which he has kept his docket cleared by dint of close and brisk application to court business, and feels the need of a rest.

SIR EDWARD GREY IS LUNCHEON HOST TO COLONEL ROOSEVELT

(By Leased Wire to Evening Herald.)
London, June 15.—A luncheon in honor of Colonel Theodore Roosevelt was given today by Sir Edward Grey, British foreign secretary. The guests included Premier Asquith, David Lloyd George, chancellor of the exchequer; Lewis Harcourt, secretary for the colonies; Viscount Bryce, former British ambassador at Washington, and Sir Cecil Spring-Rice, the present British ambassador to the United States.

TWITCHELL WILL COUNTY INSTITUTE OPENS WITH AN ATTENDANCE OF SEVENTY

President of State Exposition Commission to Speak on Progress of San Diego Exposition at Commercial Club Tonight.

ALL MEMBERS OF THE CLUB URGED TO COME

In Letter to Evening Herald Col. Twitchell Says All Main Buildings are Complete and Success Assured.

Colonel Ralph Emerson Twitchell, chairman of the New Mexico board of managers, and F. E. Davis, publicity agent of the San Diego exposition, will make statements before the Commercial club tonight regarding the progress of plans for the exposition. At the meeting of the club last Thursday night Colonel W. S. Hopewell stated to the club that he had been informed that work on the buildings at the exposition grounds, except the New Mexico and fair administration buildings, had come to a standstill.

Colonel Twitchell and Mr. Davis will reply to the question raised as to the prospects of the fair. Colonel Twitchell wishes the Commercial club to recommend an appropriation for the fair to the county commissioners. Several counties have already contributed. Colonel Twitchell says every one of the "great buildings is finished" and that the exposition is going to be a great success.

In a letter to The Herald, received today, Colonel Twitchell states:

"The San Diego exposition is so far advanced in the matter of its building construction that every one of the great buildings is finished and approximately ready for the installation of exhibits. It is true that New Mexico has done more than any other state in the matter of its work at San Diego. That is why our board takes special pride in our present accomplishment, and it is our hope to have our buildings finished and the landscaping completed not later than September 1st."

"In my humble judgment, the San Diego exposition will be a far greater success than the Panama-Pacific at San Francisco. Every one who has personally seen what we have already done at San Diego in the way of construction is delighted with our efforts."

"I will bring with me the pictures of the completed buildings at San Diego which speak for themselves showing that the intimation that the 'Administration building' is the only one completed is clearly erroneous. I will also detail to your club just what has and what will be done by those on this board and I believe that I will have no trouble in convincing the people of the New Mexico metropolis just where their interest lies."

President Cushman said this morning that the club would take no action tonight. Colonel Twitchell and Mr. Davis would be given full hearing, but the club would not act on the question of endorsing the exposition until further investigation, Mr. Cushman said.

President Cushman and other officers and directors of the club are anxious for every member to attend tonight's meeting. They want the whole club to hear at first hand the statements to be made. While determined to be cautious and avoid making any unwise recommendation, they are equally determined to avoid, if possible, hindering anyone or any worthy object.

Davis Will Taff Tonight.

"I hope to have an opportunity to tell the people of Albuquerque the facts about our exposition and its progress tonight," said Mr. Davis of the exposition publicity department to The Herald this afternoon. "There is little activity in our building department right now because all of the main exposition buildings have been completed. There is no use working on a building after it is done. I do not know how these stories have come to find any acceptance in Albuquerque, but I do know they are inspired by San Francisco influences which have steadily worked against our exposition."

"We have gone ahead doing our work and doing it well. Our exposition is going to be a tremendous success. That success is now absolutely assured and we are in a position to prove it."

Mr. Davis was introduced to business men this afternoon by Secretary Eggn of the Commercial club.

EMPRESS COMMISSION LEAVES FOR QUEBEC

(By Leased Wire to Evening Herald.)
Quebec, June 15.—Members of the commission that will investigate the loss of more than a thousand lives in the wreck of the Empress of Ireland on May 29th near Fairwater Point on the St. Lawrence river, left Montreal today for Quebec. They made the trip by boat and discussed the scope of the inquiry during the journey. Hearings will begin here tomorrow.

OVERMAN RESOLUTION HINTS AT SCANDAL IN GOLD MINING SCHEME

(By Leased Wire to Evening Herald.)
Washington, June 15.—Senator Overman today introduced a resolution for an investigation into the use of senate letter paper in connection with promotion of gold mining property at Gold Hill, N. C.

The resolution was referred to a committee without a vote. It also provides investigation whether government employees have been used to inspect the property.

Largest Enrollment in County's History at the Central School Opening this Morning. More Expected.

STRONG FACULTY IN CHARGE OF THE WORK

Dr. Mendel Silber, Director of Institute, Opens Session this Morning with Notable Address.

With a large attendance, the annual institute of the Bernalillo county school teachers opened at the Central school building this morning. There are 70 teachers enrolled, 12 more than last year. Several teachers from other states and counties attracted by the course, are in attendance. More are expected to register by this evening.

The director of the institute is Rev. Dr. Mendel Silber, of New Orleans, former rabbi of Temple Albert. He teaches psychology and pedagogics. The rest of the strong faculty—one of the best ever assembled for a New Mexico institute—are: John Milne, superintendent of the city schools; mathematics; Mrs. O'Connor Roberts, principal of the North Fourth street school; Spanish and primary work; Miss Jenny Y. Fleeting, physical culture; Mrs. A. Kohn, superintendent of music in the Las Vegas public schools; music and drawing; Miss Ruth Bright, director of domestic science. No other institute in New Mexico has as many instructors.

Work was begun without loss of time this morning. It started at 8 o'clock, and before lunch classes in psychology, arithmetic, drawing, pedagogics, geography, primary work, physical culture, physiology, Spanish, and sewing, besides the general assembly, had been held. This afternoon there will be classes in reading, spelling, history, civics, games, cooking and Spanish. The institute will continue ten days. On Friday and Saturday examinations for teachers will be held.

Dr. Silber addressed the pedagogues at assembly. He told them that education and educational values were staidler elements in national progress than the acquisition of material wealth. The impress and the uplift of education was felt everywhere and in every field of endeavor. The farmer today, he said, reaped the benefit of the education enjoyed by the city man, whether he knew or realized it or not. Education was a most precious thing, said Dr. Silber, and those who appreciated its true value would not exchange the lot of an educated janitor for that of an illiterate, uncultured crossroads little schoolhouse. Dr. Silber held, outweighed in importance all the counting houses and banking institutions in a community.

Under the direction of Mrs. Kohl, the teachers sang "America" at the assembly. Miss White, a Phoenix, Ariz., teacher, sang a soprano solo charmingly. Gentle Alton never flamed as sweetly as her liquid notes. She was accompanied on the piano by Miss Brixner, of this city, a graduate of St. Viator's academy.

County Superintendent Ananias Montoya was delighted with the auspicious opening of the institute. He said he expected it to be the most successful and noteworthy of all those ever held in Bernalillo, and the best in the state. Mr. Montoya spent months preparing for it.

TO SAVE HIS HANDS BOY DROPS TWO STORIES

To save both hands from being cut off at the wrist, Scott Knight, Jr., 19 years old, son of Scott Knight, the auctioneer, dropped from the elevator in the Barnett building this morning, and fell into the basement. He struck on his head and was badly hurt, but is expected to recover.

The boy caught hold of the bottom of the elevator as it started to ascend, and hung on. He thought it would be fun to ride up that way. When the car neared the second story he looked up and realized that unless he dropped, his hands would be caught between the car bottom and the edge of the floor and cut off. He let go.

He struck the first floor and bounded from there down the elevator well to the basement, striking on his head. He was dazed when picked up and carried to the first floor, but did not lose consciousness. Drs. L. G. Rice and Henry H. Gobel, who have offices in the building, were summoned. They found no broken bones, and the boy was carried to his home in the New Armijo building at Central avenue and Third street. It was said this afternoon that he was resting easily, and that it was not believed his skull had been fractured.

HIT MAN WITH SHOVEL; FINED \$5 BY JUSTICE

Jose Chavez, charged with hitting Eligio Garcia with a shovel during a fight at Atrisco, was fined \$5 by Justice of the Peace Sanchez this morning. Garcia wasn't badly hurt.

Ladies Home Journal.
"You say you haven't anything to be thankful for?" said the clergyman to one of his parishioners. "Why look at your neighbor Hayes; he has just lost his wife by influenza."

"Well," said the parishioner, "that don't do me any good; I ain't Hayes."
